This is a heavy duty scale having MS platform (upto 1800 x 2400 mm size) with 4 loadcells and can be mounted either in pit or raised platform. Suitable for loads upto 5 tons.

Floor Platform Scale

- Mild Steel Structure
- Powder Coated Finishing
- Build in Rechargeable Battery
- 4 Loadcell System
- High Bright RED LED Display
- Standard RS232 Interface
- Checkered Plate Platform
- Customized Size Available
- Easy Installation With Leveling Feet
- Connectable To Any Weighing Indicator
- Enclosed With Junction Box
- Rugged Structure For Heavy Duty Weighing
